GALA EMEA SEMINAR BUDAPEST

**Szecskey Attorneys at Law welcomes you to
Budapest for a seminar on:**

**The GDPR experiences and its effects on direct
marketing & influencer advertising – what is Fact
and what is Fiction?**

This conference will be hosted by the Global Advertising Lawyers Alliance (GALA). GALA is a unique association of leading advertising law experts from around the world.

At the seminar's two panel sessions, GALA-member law firms will openly discuss:

- o how does the EU's **General Data Protection Regulation** (GDPR) affect direct marketing? How do Member States of the EU "implement" the GDPR?
- o how do advertising regulators view **influencer marketing**?

For our session on influencer marketing, our **special guest will be Dr. Ildikó Fazekas** (Secretary General of the Hungarian Self-Regulatory Advertising Board (ÖRT) and a member of the executive committee of the European Advertising Standards Alliance (EASA)).

Light food & refreshments will be served during the seminar and we will wrap up with drinks and the opportunity to network with other delegates, together with GALA members from more than 20 countries in Europe, the Middle East, Africa and the US.

We look forward to welcoming you to some engaging discussions on the new trends and regulatory environment in advertising.
